SENATORS OF THE UNITED CHAPTERS

HISTORY. The original Phi Beta Kappa chapter founded at William and Mary in 1776 granted charters to Harvard and Yale in 1780. These *Alphas* granted charters till in 1881, by the effort of Harvard men, the existing chapters formed "THE UNITED CHAPTERS" which now has the power to establish new chapters. The Secretary of that body from 1889 to 1901 had the satisfaction of seeing the nineteen college chapters increased to fifty. The National Council, which holds triennial meetings, is composed of twenty Senators, each elected for six years, and delegates elected directly from the chapters.

MEMBERSHIP. The "Honor Men" of all preceding classes were made organization members in August, 1864. For some years one third of each class became members according to the old rule in all the chapters, then ten men were taken from each class, then one fifth of each class, and now one sixth of each class are elected to membership.

This book has the names of about one sixth of all the graduates of Williams College. No one will claim that all the rich fruitage of Alma Mater's service in the world is visible in this record, but any one looking over these pages intelligently will see that good work in College gives fair assurance of good work in later life.

MEMORABILIA. The statistics of the more distinguished members are given so fully in "Who's Who" and in the other biographical books that it has seemed superfluous to extend their records in this book. The Obituary Record of the College gives a full account of the members who have died.

The items relating to parents, marriages, wives and children will be entered in the Biographical Annals of all the Alumni which the Trustees have authorized the Secretary to prepare.

ABBREVIATIONS. The abbreviations used are those in the General Catalogue of the College and in The Century Dictionary.

FINANCE. The Gamma Chapter, at the annual meeting in 1903, voted to have the Secretary prepare a Catalogue. The Treasurer thought sixty dollars could be appropriated from the treasury. This pays for a catalogue of names and addresses, one line for each man. A few generous members have responded to the call for enough to make a memorabilia catalogue. The result is not all that the Secretary hoped to make it, but it is all that can be purchased with the money received.

KEYS. In purchasing keys we have had very satisfactory dealing with Roehm & Son, Detroit, Mich. Their work is excellent and their prices reasonable. We can cordially recommend them. They have kindly furnished the cuts that appear in this book.
